

DADELAND MRI & CT

Email: DadelandMR@aol.com

July 23, 2009

To Whom It May Concern,

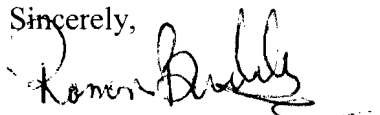

I have taken a pro-active approach in writing a letter of reference on behalf of the MRI Education Group because of the level of satisfaction I have experienced in both employment candidates and students used at our facility Dadeland MRI and CT.

Not only are the students extremely proficient, but all come with mindset instilled to them by Mr. Lobo and Mr. Leon that MR technology is not a job, but rather a profession that comes with responsibility and seriousness.

Their knowledge and reputation is irrefutable the MRI business world!

Should you need any further information on my business dealings with MR Education Group, please do not hesitate to call me directly at 305-455-2061.

Sincerely,

Ramon Bardales
Chief Executive Officer
Partners In Imaging
