Gentlemen,

I am writing a letter of reference for MRI Education Group to personally "Thank them", for the three employees referred to us. When Health Imaging Services opened its doors last year, we had very little margin of error with our new team. Mr. Lobo and Mr. Leon not only provided excellent candidates, but also served as reliable resources for us whenever any MRI related challenges arose.

I will never hesitate to call MRI Education Group again for seeking help in the staffing of our facilities!.

Thanks again!
